

# Islands Trust Strategic Plan

## Project Description

The Islands Trust is a unique federation of local governments serving islands in the Salish Sea. Each new term requires Trust Area Council to decide where to invest time and money in Trust Area-wide projects to best achieve its legislated mandate. They wanted to know what residents' priorities were for 2012-2014.

## PlaceSpeak Contribution

PlaceSpeak hosted an online survey and discussion forum to allow participants to provide input on what the priorities for the Islands Trust Council should be for the 2012-2014 term.

## Project Outcome

PlaceSpeak's provided the Island Trust Council with location-specific input that was incorporated into the 2012-2014 strategic plan.

## Innovations

PlaceSpeak's ability to consult directly with participants spread over a dispersed, largely rural, and remote area.
