

University Village Local Area Plan

Municipality of North Cowichan & City of Duncan

Project Description

The Municipality of North Cowichan, in collaboration with the City of Duncan, wanted to explore creative options for future growth and change in this area to help flesh out the strategic policies identified in the official community plan for the University Village area.

PlaceSpeak Contribution

PlaceSpeak provided a web-based platform to host an online discussion forum to gather input on what residents would like to see in the area.

Project Outcome

The online input received through PlaceSpeak was incorporated in the development of the draft University Village Sustainable Local Area Plan.
